WORK EXPERIENCE

Company: Accessibility for All | March 2023 - November 2023

Accessibility specialist

Responsible for making Word and PDF files accessible, primarily for blind users — including financial, medical, and general documents.

Software development

- Proactively initiated the development of a Python-based software to support the accessibility specialist, streamlining and accelerating the preparation of documents for accessibility.
- Developed a web crawler that automatically downloads and organizes text files from websites into structured Excel reports.

PROJECTS

Star Crossword – For crossword enthusiasts and content creators (final project) – [Live Site](#)

Full Stack Developer

- Built a web-based platform for creating, solving, and sharing crosswords in Hebrew, making puzzle creation accessible to Hebrew-speaking users.
- Developed interactive crossword grid with RTL support for Hebrew, enabling seamless puzzle solving.
- Implemented RESTful API integration and user authentication, allowing secure user accounts and content management.

Starsite – Personal portfolio website – [Live Site](#)

Frontend Developer

- Created a responsive portfolio site in Hebrew, showcasing projects in an interactive gallery for Hebrew-speaking visitors.
 - Improved user experience with detailed project pages and clear navigation, highlighting professional skills.
-

EDUCATION

Full Stack Web Development Diploma – HackerU College | 2024 - 2025

Comprehensive practical training in both front-end and back-end technologies, including HTML, CSS, JavaScript, React, Node.js, Python, and SQL. Developed full-featured web applications using industry-standard tools and workflows.

National Service 2019 - 2022

Private Tutor, Ostrovsky High School & Democratic School | 2019 - 2022

Delivered one-on-one tutoring in English, Hebrew, Math, and Digital Art to immigrant and middle school students. Planned creative lessons, enhancing instructional and classroom management skills.
